burning sense of self-loathing. He dove into what few opportunities for battle presented themselves with suicidal fervor, but succeeded only in losing his tank and most of its crew fighting Capellan raiders on Algot. Ironically, this blind recklessness, so typical of the Clan way, actually drew praise from his superiors, and earned him a reassignment to a Maxim Mk2 infantry transport in recognition of his knowledge of infantry tactics. Mikos still considers himself a failure despite this promotion, an attitude evident even on the field.

Record No
FE-107-01**Commentary**

A heavy hover transport conceived for The Republic by Cyclops, Inc., of Skye, the upgraded Maxim Mk2 trades the armament of the original model for a thicker hide and a large enough cargo space to accommodate a platoon of battle armor or a full company of foot infantry. Detractors noted that this so-called "upgrade" stripped the Maxim of half its original value: providing heavy fire support that could even, in a pinch, assist heavier units on the battle lines. The designers, however, argued that the lack of weapons was an incentive to keep Maxim commanders from taking unnecessary risks in the field, risks that had led to the deaths of many Maxim crews and their passengers in past wars.

Mikos Wolf, commanding Maxim Mk2 RSM0127-505, is of the earlier camp, as evidenced by the lack of enthusiasm he shows in battle. Driving slowly, almost cautiously, this disgruntled Clan warrior only seems to come to life again when his vehicle starts taking fire.

A giant of a man, it is obvious to anyone that Mikos Wolf once belonged to a Clan Elemental sibko, where he was trained to fill the ranks of elite, genetically bred armored infantry. Unfortunately, Mikos' career was brutally cut short when a live-fire exercise left him nearly paralyzed for two years. A disappointing performance in the Trial to reclaim his warrior status relegated him to the ranks of the vehicular support detachment, in charge of an aging Condor battle tank.

The perceived death of his career and the emasculation of the Wolves under Republic ideals left Mikos with a
