- **STRIKING SCORPION:** Infiltration

TAC OPS

If your faction is **BLADES OF KHAINE**, you can use the Blades Of Khaine Tac Ops listed below, as specified in the mission sequence.

ASPECT WARFARE

Blades of Khaine – Faction Tac Op 1

Reveal this Tac Op in the Target Reveal step of any Turning Point.

- If a friendly **DIRE AVENGER**, friendly **HOWLING BANSHEE** and friendly **STRIKING SCORPION** operative inflict damage on enemy operatives during the same Turning Point, you score 1VP.
- If you achieve the first condition in any subsequent Turning Points, you score 1VP.

MASTER TECHNIQUES

Blades of Khaine – Faction Tac Op 2

Reveal this Tac Op in the Target Reveal step of any Turning Point.

- If you use all five Aspect Techniques from an Aspect in any Turning Point (e.g. all five **STRIKING SCORPION** Aspect Techniques), you score 1VP. Note that you must actually use each Aspect Technique, e.g. if you use Vigilance of the Avenger, you must make a shooting attack against an enemy operative in Cover.
- If you achieve the first condition in any subsequent Turning Points, you score 1VP.

MARTIAL HARMONY

Blades of Khaine – Faction Tac Op 3

Reveal this Tac Op in the Target Reveal step of any Turning Point. At the end of each Turning Point, check the following three criteria: a friendly **DIRE AVENGER** operative controls an objective marker; a friendly **STRIKING SCORPION** operative is within  of an enemy operative; a friendly **HOWLING BANSHEE** operative is within  of your opponent's drop zone.

- At the end of a Turning Point, if at least two of the three criteria above are true, you score 1VP.
- If you achieve the first condition at the end of any subsequent Turning Points, you score 1VP.

STRATEGIC PLOYS

If your faction is **BLADES OF KHAINE**, you can use the following Strategic Ploys during a game.

EMINENT GRACE 1CP

Until the end of the Turning Point:

- Add ▲ to the Movement characteristic of friendly **BLADES OF KHAINE** operatives.
- Friendly **BLADES OF KHAINE** operatives can move around, across and over other friendly **BLADES OF KHAINE** operatives (and their bases) as if they were not there, but cannot finish the move on top of them (or their bases).

FOREWARNED 1CP

Until the end of the Turning Point, each time a shooting attack is made against a ready friendly **BLADES OF KHAINE** operative, in the Roll Defence Dice step of that shooting attack, you can re-roll one of your defence dice.

RUTHLESS POISE 1CP

Until the end of the Turning Point, each time an active friendly **BLADES OF KHAINE** operative fights in combat against an enemy operative that is ready, in the Roll Attack Dice step of that combat, you can re-roll one of your attack dice.

KHAINE'S VENGEANCE 1CP

Until the end of the Turning Point, each time a friendly **BLADES OF KHAINE** operative makes a shooting attack against an enemy operative that isn't ready, in the Roll Attack Dice step of that shooting attack, you can re-roll one of your attack dice.

TACTICAL PLOYS

If your faction is **BLADES OF KHAINE**, you can use the following Tactical Ploys during a game.

BLADEWIND 1CP

Use this Tactical Ploy during a friendly **BLADES OF KHAINE** operative's activation (excluding an **EXARCH** operative). Until the end of its activation, that operative can perform two **Fight** actions.

STARFALL 1CP

Use this Tactical Ploy during a friendly **BLADES OF KHAINE** operative's activation (excluding an **EXARCH** operative). Until the end of its activation, that operative can perform two **Shoot** actions.

FADING LIGHT 1CP

Use this Tactical Ploy when a friendly **BLADES OF KHAINE** operative is activated. Until the end of its activation, that operative can perform the **Fall Back** action for one less action point (to a minimum of OAP).

CONTEMPT 1CP

Use this Tactical Ploy in the Roll Attack Dice step of either a combat in which a friendly **BLADES OF KHAINE** operative is not the active operative, or a shooting attack made against a friendly **BLADES OF KHAINE** operative. For that combat or shooting attack, your opponent cannot re-roll their attack dice. Note that you use this Tactical Ploy after seeing the result of your opponent's initial roll, but before re-rolls (if your opponent declared the use of the Command Re-roll Tactical Ploy, it's cancelled and their Command point is refunded).

'WHAT DISASTERS HAVE THEY AVERTED? HOW MANY AELDARI LIVES HAVE THEY SAVED? HOW MANY FOES OF OURS HAVE THEY DOOMED TO OBLIVION? ACROSS ALL THE CRAFTWORLDS WE CANNOT BE SURE. I KNOW THIS, HOWEVER, WITHOUT A SHADOW OF DOUBT. WERE IT NOT FOR THE BLADES OF KHAINE, THE ASURYANI WOULD BE NO MORE. THE WARRIORS THAT I HAVE COMMANDED ALONE HAVE PREVENTED MULTIPLE INCURSIONS INTO THE WEBWAY THAT WOULD HAVE SEVERED VITAL TIES TO EXODITE WORLDS AND HARLEQUIN TROUPES. I CAN ONLY IMAGINE WHAT OTHERS HAVE DONE FOR OUR PEOPLE.'

- Farseer Liurth, of Lugganath Craftworld

ABILITY

Below, you will find a common ability of the **BLADES OF KHAINE** kill team.

ASPECT TECHNIQUES

Aspect Warriors are sublimely skilled fighters dedicated to the pursuit of mastering a particular art of war. Each is trained in myriad killing techniques, movements and progressions. When practised in combat, these forms are as breathtaking to behold as they are lethal to the Aspect Warriors' foes.

Aspect Techniques are unique abilities you will find over the following pages that are available to **BLADES OF KHAINE** operatives with the relevant keyword.

- You cannot use more than one technique per activation.
- You cannot use each technique more than once per Turning Point.
- If every friendly **BLADES OF KHAINE** operative selected for deployment has the same Aspect keyword (e.g. **STRIKING SCORPION**), you cannot use each technique more than twice per Turning Point instead.

'IT HAS BEEN OUR WAY FOR MILLENNIA TO SACRIFICE OUR PRESENT SO THAT WE MAY HAVE A FUTURE. MY BANSHEE SISTERS AND I KNOW THAT OUR EVERY BATTLE MAY BE OUR LAST. WE FACE THAT TRUTH WITHOUT FEAR, FOR THROUGH OUR EFFORTS MAY MORE OF OUR PEOPLE LIVE AND SEE BRIGHTER TIMES FOR THE AELDARI. ONE DAY THE STARS WILL ONCE MORE BOW TO OUR RACE, AND THAT OUTCOME WILL BE ACHIEVED ONE BATTLE, ONE KILL AT A TIME.'

- Osinell Ciaradh, Howling Banshee of Biel-Tan Craftworld

DIRE AVENGER EXARCH

These warriors are masters of their Aspect and devoted to their craftworld. In keeping with the tactical flexibility of their Aspect, all are master marksmen and bladesmen, as at ease shredding foes with volleys of razor-sharp shuriken as they are duelling enemy heroes in single combat.

DIRE AVENGER WARRIOR

These operatives are famed for being as deadly on the attack as they are immovable in the defence, and are regarded as being the most tactically flexible of all the Aspects. They use their shuriken catapults to create an impenetrable storm of monomolecular blades.

UNIQUE ACTIONS

BLADES OF KHAINE ◆, AELDARI, ASURYANI, DIRE AVENGER, WARRIOR

DIRE AVENGER ASPECT TECHNIQUES

These warriors deliver death by a thousand cuts in the time it takes a Human to scream. Despite the grisly manner in which they visit destruction upon the foe, Dire Avengers are considered the epitome of the noble warrior – an indication of just how pitiless the Craftworlds can be when their anger is roused.

THE SLICING HURRICANE

Trained to embrace supreme tactical flexibility, Dire Avengers are more than capable of unleashing clouds of razor-sharp shuriken while moving to secure ground, slipping out of reach of the foe or racing to intercept a charging enemy.

Use this Aspect Technique during a friendly **DIRE AVENGER** operative's **Normal Move** action. Perform one **Shoot** action with that operative during that **Normal Move** action (it must do so in a location it can be placed, and any remaining increments of movement can be used after it does so). You must select a shuriken catapult, shuriken pistol or twin shuriken catapult for that shooting attack.

DEATH OF A THOUSAND BLADES

Dire Avengers can unleash great deluges of monomolecular shuriken from their weapons. These lethal volleys echo the Death of a Thousand Blades – the punishment that Khaine meted out upon traitors, cheats and others he deemed unworthy of a clean kill.

Use this Aspect Technique after a friendly **DIRE AVENGER** operative performs the **Shoot** action and uses a shuriken catapult or twin shuriken catapult for that shooting attack. Make another shooting attack with that operative using the same weapon against another valid target within \bigcirc of the first target.

VIGILANCE OF THE AVENGER

It is the duty of the noble warrior tasked with punishing the unjust and the criminal to be ever vigilant. Their eyes must be keen and their aim must be true.

Use this Aspect Technique when a friendly **DIRE AVENGER** operative performs the **Shoot** action. Until the end of that shooting attack, that operative's shuriken catapult, shuriken pistol or twin shuriken catapult gains the No Cover special rule, and that operative must make a shooting attack with it against an enemy operative in Cover.

UNSTINTING, IMMOVABLE

Dire Avengers wear armour fashioned from psycho-sensitive thermoplas scales that is reactive to impact, stiffening if suffering a blow to spread the energy across the wearer. On top of this flexible suit, Dire Avengers wear bone-like plates over the most vulnerable areas of their body.

Use this Aspect Technique in the Roll Defence Dice step of a shooting attack made against a friendly **DIRE AVENGER** operative, if you retain any critical saves and discard one or more failed saves. Select one of your failed saves to be retained as a successful normal save instead.

RAGING HEAT OF THE DYING FLAME

The flames upon shrines of Asuryan possess a searing heat and never burn out, even if they dwindle. Thus does the Dire Avenger strive to imitate these flames, as dangerous to the foe no matter the injuries they sustain.

Use this Aspect Technique when a friendly **DIRE AVENGER** operative that's injured or has its APL characteristic negatively modified is activated. Until the start of that operative's next activation, ignore those modifiers and that operative cannot be injured.

HOWLING BANSHEE EXARCH

Not only do the skills in elegant swordplay displayed by a Howling Banshee Exarch exceed those of the warriors she leads, but so harrowing and biting are her cries that their echoing reverberations haunt those who hear them long after the screams have died away.

HOWLING BANSHEE WARRIOR

The piercing, psychosonic scream that precedes the assault of these bone-armoured operatives renders those who hear it all but helpless. These shock waves buy the Howling Banshees time enough to strike, each one taking a head with a sweep of their glittering power weapon.

UNIQUE ACTIONS

BLADES OF KHAINE ◆, AELDARI, ASURYANI, HOWLING BANSHEE, WARRIOR

HOWLING BANSHEE ASPECT TECHNIQUES

In their Aspect Shrines, the Howling Banshees practise their lightning assaults each and every day, refining their techniques and acrobatic skills. To them, there is no greater pleasure than turning the poignant fury and despair of the Aeldari race into a weapon – another tool in the arsenal of the craftworlds with which to destroy their foes.

THE WOE

In Aeldari mythology, the Banshee is seen as a harbinger of woe. As far as the Howling Banshees are concerned, they are that woe. The lightning speed of their swordplay sees them plunge their blades into flesh and armour with sickening ease, leaping into combat with the next foe before the body of their previous victim has even fallen to the ground.

Use this Aspect Technique during a friendly **HOWLING BANSHEE** operative's activation, after it has performed the **Charge** action, incapacitated an enemy operative in combat and is no longer within Engagement Range of an enemy operative. Perform a free **Charge** action with that friendly operative using any remaining increments of movement from the first **Charge** action. This Aspect Technique allows that operative to perform two **Charge** actions to do so.

RAIN OF TEARS

Those few warriors who survive the Howling Banshees' screams and the slices, cuts and thrusts that rain down upon them find the Aspect Warriors almost impossible to confront. The lithe warriors bend and dive in and out of combat with stunning skill and speed.

Use this Aspect Technique in the Resolve Successful Hits step of a combat, after an active friendly **HOWLING BANSHEE** operative strikes with a critical hit. Immediately perform a free **Dash** or **Fall Back** action with that operative up to  as though it can **FLY** (any remaining attack dice are discarded). Do so even if that operative has performed an action during that activation that prevents it from performing the **Dash** or **Fall Back** action (e.g. the **Charge** action).

ACROBATIC

When Howling Banshees traverse the battlefield, few obstacles truly slow them down. With little effort and great beauty they leap and flip over intervening terrain and barricades, driving blades into the foe as they land with peerless poise.

Use this Aspect Technique when a friendly **HOWLING BANSHEE** operative performs an action in which it moves. It performs that action as though it can **FLY**, but cannot move more than 3  (normal Movement characteristics still apply, e.g. if the operative is injured).

SCREAM-THAT-STEALS

Any hope the Howling Banshees' foes have of retaining the initiative over the terrifying Aspect Warriors is lost the moment the leaping sword-mistresses activate their Banshee masks. Their senses overwhelmed, the enemy are all but hopeless against the Banshees' merciless melee attacks.

Use this Aspect Technique at the start of the Resolve Successful Hits step of a combat involving a friendly **HOWLING BANSHEE** operative, if you retained any successful hits. Resolve one successful hit before the Attacker; it must be used to parry.

SHRIEK-THAT-KILLS

Those Howling Banshees who have learned how to focus their vocal chords correctly can emit a scream so piercing and deafening that it can not only cause permanent injury to a foe, but even kill them.

Use this Aspect Technique when a friendly **HOWLING BANSHEE** operative performs the **Shoot** action. Until the end of that shooting attack, that operative is equipped with and must use the following ranged weapon:

| Name | A | BS | D |
|-------------------|---|----|-----|
| Shriek-that-kills | 6 | 3+ | 1/2 |

STRIKING SCORPION WARRIOR

UNIQUE ACTIONS

BLADES OF KHAINE ◆, AELDARI, ASURYANI, STRIKING SCORPION, WARRIOR

STRIKING SCORPION ASPECT TECHNIQUES

Merciless killers without exception, Striking Scorpions revel in the patient hunt and the sudden kill. They are sinister warriors, expert in becoming one with the shadows to creep up on the foe until they are close enough to drive the whirring teeth of their chainswords into flesh.

PATIENT STALK, SUDDEN BLOW

Carefully concealed in cover or in shadows, Striking Scorpions stalk their completely oblivious prey. The Aspect Warriors manoeuvre in complete silence around their targets to select the optimum position to launch a killing strike.

Use this Aspect Technique when a friendly **STRIKING SCORPION** operative with a Conceal order performs the **Normal Move** action. During that action, that operative can and must move within Engagement Range of one or more enemy operatives (but it cannot finish that move there). One enemy operative that it moved within Engagement Range of suffers D3+2 mortal wounds.

STRIKE AND FADE

Masters of the hit and run attack, Striking Scorpions withdraw from combat as suddenly as they strike, slipping back into the shadows and disappearing like murderous ghosts.

Use this Aspect Technique after a friendly **STRIKING SCORPION** operative with an Engage order incapacitates an enemy operative in combat, and is now more than  from enemy operatives. Change that friendly operative's order to Conceal, and you can immediately perform a free **Dash** action with it. You can do so even if it has performed an action during that activation that prevents it from performing the **Dash** action (e.g. the **Charge** action).

SCORPION'S EYE

A Striking Scorpion's shuriken pistol has a viewfinder psychically linked to its bearer. With it, the Aspect Warrior can see through multiple spectra as well as swiftly identify friend from foe.

Use this Aspect Technique when a friendly **STRIKING SCORPION** operative performs the **Shoot** action. Until the end of that shooting attack, that operative's twin shuriken pistols or shuriken pistol gains the Indirect special rule, and that operative must make a shooting attack with it against an enemy operative in Cover.

MERCILESS STRIKES

When Striking Scorpions launch their assault, they attack with relentless ferocity, landing blow after blow to grant the enemy no moment of reprieve in which to collect themselves.

Use this Aspect Technique at the start of the Resolve Successful Hits step of a **Fight** action performed by a friendly **STRIKING SCORPION** operative, if you retained any critical hits. Until the end of that combat, that operative's melee weapons gain the Stun critical hit rule.

ONE WITH THE GLOOM

Years of strict practise see Striking Scorpions able to blend uncannily with the shadows, striking out at unsuspecting foes with terrifying accuracy.

Use this Aspect Technique when a friendly **STRIKING SCORPION** operative moves within  of a Light or Heavy terrain feature. Until the start of its next activation, while that operative has a Conceal order, it's always treated as having a Conceal order, regardless of any other rules (e.g. Vantage Point).

EQUIPMENT

BLADES OF KHAINE operatives in your kill team can be equipped with equipment from this list, as specified in the mission sequence. Any equipment marked with a + can be selected a maximum of once, and each operative can be equipped with no more than one of each item.

WEAPONISED PANOPLY [1EP]

DIRE AVENGER operative only. Select fists or gun butts the operative is equipped with. Add 1 to that weapon's Attacks characteristic for the battle.

RUNE OF PROPHECY+ [1EP]

The operative gains the following ability for the battle:

Rune of Prophecy: Once per battle, after rolling off to determine initiative, you can add or subtract 1 from your result.

RUNE OF FORESIGHT+ [1EP]

SHADOW-WAVE GRENADE [3EP]

The operative can perform the following action during the battle:

SHADOW-WAVE GRENADE 1AP

Place the centre of one of your Shadow-wave tokens within  of this operative. That token creates an area of smoke with a  radius and unlimited upward height (but not below). Until the end of the Turning Point, an operative is Obscured if every Cover line drawn to it crosses an area of smoke. This operative can only perform this action once, and cannot perform this action while within Engagement Range of an enemy operative.

RARE EQUIPMENT

To do so, you can either roll one D6 to randomly determine the rare equipment (re-rolling if it isn't suitable), or you can select an appropriate one. 2. DEATH GAZE OF MORAI-HEG [3EP]

Sting of the Deathstalker: The target suffers 3 mortal wounds as a result of this operative's Mandiblasters ability (instead of 2).

4. SHIMMERPLATE OF EFINIR [3EP]

The operative gains the following ability for the battle:

Shimmerplate of Efinir: Each time this operative fights in combat or a shooting attack is made against it, in the Roll Attack Dice step of that combat or shooting attack, your opponent cannot retain attack dice results of less than 6 as critical hits (e.g. as a result of the Lethal X or Rending rules).

5. YNNARI SPIRIT STONE [2EP]

The operative gains the following ability for the battle:

Ynnari Spirit Stone: Once per battle, at the start or end of this operative's activation, you can use this ability. If you do so, this operative regains two D3 lost wounds.

6. HEALING WATERS OF ESHARIEL [1EP]

After the battle, in the Update Dataslates step, this operative passes Casualty and Recovery tests.

STRATEGIC ASSETS

Each time you would add a strategic asset to your base of operations, if your faction is **BLADES OF KHAINE**, you can select one from the list below instead of selecting one from another source. As with any strategic asset, you can never have more than one of each.

SHRINE STATUARY

This kill team have established votive statues dedicated to their Aspects of Khaine. These psychically attuned wraithbone structures are seeped with the martial energies of warriors who have spent countless years training before them. Merely being in their presence inspires and rejuvenates.

When this strategic asset is added to your base of operations, select one Aspect keyword (e.g. **HOWLING BANSHEE**). Once per Turning Point, you can use an Aspect Technique from that keyword that you've already used during this Turning Point an additional time. Note that to change the selected keyword, you have to remove this strategic asset and add it again.

CRAFTWORLD RANGER

This kill team are aided by an Aeldari Ranger – a warrior who has rejected the Path but nonetheless still serves their craftworld. In their wanderings across the galaxy they learn much, passing on useful knowledge to the Blades of Khaine.

In the Scouting step, after resolving your selection, you can select and resolve an additional scouting option. It must be a different option to your original selection, and initiative is still determined by your original selection. If both players have this or a similar ability, the Defender resolves this ability first.

MEDITATION CHAMBER

Between their intense battles, Aspect Warriors can calm their minds in this meditation chamber. Here, they recollect the events of previous engagements, cementing lessons learned in their minds to become even deadlier warriors.

In the Update Dataslates step, you can select one **BLADES OF KHAINE** operative on your dataslate that was Rested for that game. It can either gain 1XP, or you can remove any number of its Battle Honours and redetermine them (but you cannot change its specialism).

REQUISITIONS

In a Spec Ops campaign, if your faction is **BLADES OF KHAINE**, you can use the following Requisitions in addition to those presented in other sources.

RECOVERED SPIRIT STONE 1RP

When an Asuryani dies, their essence is captured in the spirit stone affixed to their chest. In this way are they saved from She Who Thirsts, and their experience and wisdom is preserved for the betterment and security of their craftworld.

Purchase this Requisition after a game in which a **BLADES OF KHAINE** operative of Veteran rank or higher was incapacitated and removed from your dataslate (excluding as a result of The Path Diverging Requisition, opposite). Multiply the number of ranks that operative had by two, then distribute up to that many experience points amongst the other **BLADES OF KHAINE** operatives on your dataslate. For example, if a **BLADES OF KHAINE** operative of Veteran rank is removed, up to 4XP could be distributed to other friendly **BLADES OF KHAINE** operatives.

CAST THE RUNES 1RP

The skeins of fate are forever changing, the list of future possibilities endless as the galaxy's souls perform heroic deeds, suffer ignominious defeat, miraculously survive disaster or are slain in moments of triumph. Thus, the Farseers must always peer into the future to see what occurrences may affect their craftworld. Should they learn information of vital import, they will share it with the Blades of Khaine.

Purchase this Requisition when your kill team is assigned to a Spec Op. Change one Tac Op requirement from that Spec Op's Operation 1 to a Tac Op of your choice. This lasts for your kill team until that Spec Op is completed or aborted. Note that this Requisition has no effect on The Serpentine Route Spec Op.

THE PATH DIVERGING 1RP

To tread the Path of the Warrior is to walk but one route of many. Over the millennia, countless Aspect Warriors have set aside the ritual wargear of this Path to embark upon learning the arts of another. There are some, however, who find that such a choice is impossible. They have become trapped upon a single path. These are the Exarchs – warriors utterly focused on making war in a single fashion, and all the deadlier for it.

Purchase this Requisition before or after a game. Remove one **BLADES OF KHAINE** operative from your dataslate (excluding an **EXARCH** operative), then add a **BLADES OF KHAINE EXARCH** operative with the same Aspect keyword to your dataslate, or a **BLADES OF KHAINE** operative with a different Aspect keyword (excluding an **EXARCH** operative). That new operative has a number of experience points equal to the lowest experience points of the removed operative's rank (select its Battle Honours accordingly). For example, if you removed a **STRIKING SCORPION WARRIOR** operative that had 20XP, you could add a **STRIKING SCORPION EXARCH**, **DIRE AVENGER WARRIOR** or **HOWLING BANSHEE WARRIOR** operative with 16XP. It also has the same Battle Scars (if any) of the removed operative.

SPEC OPS

Each time you would select a Spec Op for your kill team to be assigned to, if your faction is **BLADES OF KHAINE**, you can select one from those found on the following page instead of selecting one from another source.

COURSES OF THE AI'ELETHRA

Warriors in a Blades of Khaine kill team not only learn more about what it is to be one of their Aspect, but also what it means to sever the most specific strands of fate whilst fighting with warriors of other Aspects. This protects many Aspect warriors from becoming trapped on the Path of the Warrior, for their mind is deviated away from the singular point of focus that is being a Dire Avenger, Howling Banshee or Striking Scorpion.

OPERATION 1: HONING OF THE BLADE

With each step on their mission to sever a strand of fate, the Blades of Khaine further perfect their warfighting skills.

Complete five games in which you scored victory points from the 'Aspect Warfare', 'Master Techniques' and/or 'Martial Harmony' Tac Op.

OPERATION 2: WARRIOR PERFECTION

Over the course of their dangerous journey, the Blades of Khaine have learned much of themselves, and the Aspects of the warriors fighting beside them.

Complete a game in which you scored the maximum 2 victory points from two or more Tac Ops.

COMMENDATION

- You can distribute up to 10XP across the operatives on your dataslate (max 3XP per operative).
- Before the next battle, you can use The Path Diverging Requisition any number of times without spending any Requisition points.

SPEC OPS BONUS

For the purposes of a mission's Spec Ops bonus, this Spec Op is considered a 'Purge Order' Spec Op.

THE SERPENTINE ROUTE

When the Farseers cast the runes, they sometimes learn that a certain event must occur before the Blades of Khaine can deliver their precise blow. On occasion, the terrible event the Asuryani are striving to prevent must be brought to the very precipice of happening in order for it to be averted. Such are the terrible perils of being a species on the cusp of extinction.

OPERATION 1: INTERWOVEN THREADS

The Blades of Khaine fight furiously to see that a terrible event is pulled from potential to impossible by unravelling the myriad strands of cause and effect.

Complete five games and score victory points from five different non-faction Tac Ops.

OPERATION 2: THE MOMENT OF CONSEQUENCE

There remains one task – the final thread must be severed, and a dread future eliminated from potential existence.

Select 6 Tac Ops from those you could select in the game, then randomly determine one of them to be fated. Complete a game in which you scored victory points from the fated Tac Op.

COMMENDATION

- You gain 3 Requisition points.
- You can add one item of rare equipment to your stash, or you can increase your asset capacity by one.

SPEC OPS BONUS

For the purposes of a mission's Spec Ops bonus, this Spec Op is considered an 'Honour-Bound' Spec Op.
