

# INTERCESSION SQUAD

## UPDATE 1.0

As it's revised regularly, this document has a version number; where a version number has a letter, e.g. 1.1a, this means it has had a local amendment, only in that language, to clarify a translation issue or other minor correction. When this document is revised, the version number will be incremented and new updates can be identified by the presence of an asterisk (\*).

*Q: If a rule treats an operative as being injured regardless of any rules that say they cannot be injured (e.g. Rust Emanations Strategic Ploy, **GELLERPOX INFECTED** ) , does the Methodical Chapter Tactic still ignore the Ballistic Skill and Weapon Skill characteristic modifiers?*

A: No.

*Q: If an **INTERCESSION SQUAD**  operative is incapacitated during its activation, can I use the Wrath of Vengeance Tactical Ploy freely, or do action restrictions still apply?*

A: Action restrictions still apply. So with Bolter Discipline in mind, if the operative has already performed two **Shoot** actions during that activation, you could not use Wrath of Vengeance to perform a third **Shoot** action.
